ECO LIGHT

É uma coleção de design moderno, inspirado nas tendências nacionais e internacionais.

It is a collection of modern design, inspired by national and international trends.

A Eco-Alcance apresenta, na sua gama de produtos de decoração e espaços de lazer, uma nova lista de peças plásticas iluminadas.

Eco-Alcance presents, in its range of decoration products and leisure spaces, a new list of illuminated plastic parts.

Os produtos ECOLIGHT, reúnem a resistência das peças plásticas de Polietileno, de fabrico pelo processo de rotomoldação, à sua funcionalidade, beleza e de uma estética original e distinta.

ECOLIGHT products combine the strength of polyethylene plastic parts, which are manufactured by the rotomoulding process, with their functionality, beauty and original and distinctive aesthetics.

A decoração e utilização dos espaços, fica à livre imaginação de cada um.

The decoration and use of the spaces, is at the free imagination of each one.

-  Uv resistente
-  Eco efficient
-  Recycled plastic
-  Resistente plastic
-  Indoor and Outdoor
